

# Photography

**Full day** (8-10 hours): \$1500

**Half day** (4 hours): \$800

**Hourly** (over or under full or half day): \$65

Our rates include a count of 25 fully finished images. If more images are required, more can be requested in bundles of 20 for \$50. Images are provided in high resolution JPEG. If other formats are required, please let us know.

Travel is based on distance from Camrose. Travel time is included in the day rate chosen, but for travels that are further than 60km there is an extra \$.40/km.

For each session booked with Mirror there is always flexibility. Each project can be unique, from locations to projected outcomes. Which is why we like to discuss and outline with our clients what they want to see from each photo shoot. We have two photographers for each project to properly cover the scope of work and catch every angle possible on site.

Examples of common types of work are;

Product photography - Showcase your craft ,

Talent Promotion photography - Showcase your skills,

Staff Portraits - Showcase the people who make your business a reality and,

Industry photography - Showcase where or how your business is made.

You can also pair any of these services with our marketing designs. We will help ensemble what we've just captured and present it to your audience the way you like. From brochures or pamphlets, business cards, and promotional material for social media, we can offer custom designs and digital layouts.
